

# MADD LOVE MEALS

UTEC's social enterprises to provide emergency food assistance.

## UTEC Food Services expand deliveries to include those most affected by COVID-19

As Massachusetts begins to re-open, UTEC is committed to safely bringing our young adults back into onsite programming to keep working towards their goals. Now, they're doing more than ever for our communities of Lowell, Lawrence, Haverhill, and beyond by preparing meals for emergency food assistance.

### Emergency Food Assistance

UTEC will pivot our catering service to deliver **1,000+** free, nutritious meals a week to families and seniors facing food insecurity during COVID-19. Additionally, we deliver prepared meals to front-line workers.

### Paid Job Training

Our two commercial kitchens provide paid work experience for low-income young adults (ages 17-25) with proven risk factors. UTEC social enterprise jobs are essential to their safety and stability. With your help, they can get back to work.

## Corporate Sponsorships

**You order the catering, we'll give it away.**

Sponsoring Madd Love Meals equips us to provide free meals to those most impacted by COVID-19. Spark sustainability for our communities and the UTEC Food Services Enterprises by covering a portion of our weekly kitchen operations costs, and help us reach our goal to finance 20 weeks (5 months) of meals.

We will feature weekly sponsors on the UTEC and Cafe UTEC social media pages and across other media.

One Week  
**\$6,000**

Two Weeks  
**\$12,000**

One Month  
**\$24,000**

20 weeks = 20,000+ meals for \$120,000
