

BREAKING BARRIERS KITCHEN

UTEC's Breaking Barriers Kitchen food truck is more than just a place to grab a bite—it's a platform for empowerment. By combining job training with food justice efforts, we're creating opportunities for young adults to transform their lives while giving back to the communities that support them.

✓ Community Impact

Breaking Barriers Kitchen is expanding access to healthy, affordable meals in Lowell, Lawrence, and Haverhill. Our food truck offers hot, nutritious, and culturally appropriate meals on a “pay what you can” or free basis on designated days, ensuring everyone can enjoy wholesome food, regardless of their financial situation.

✓ Job Skills & Training

Our food truck serves as a mobile learning lab, providing young adults with hands-on training to develop practical employment skills in culinary operations, customer service, and entrepreneurship. With a rotating menu that they help create, this program empowers young adults with the knowledge and confidence needed to pursue sustainable employment in food services and beyond.

✓ Revenue Generation

By partnering with Greater Boston businesses to host our food truck in high-traffic locations, we create a sustainable funding source that fuels our food justice and culinary training initiatives. Revenue generated through these partnerships directly supports UTEC's programs, including our culinary training for young adults and community food relief efforts, ensuring long-term impact and support for those in need.

Order in-person or online using Uber Eats!

WE WILL COME TO YOU!

Have a location in the Greater Boston area? We're looking for partners to host the Breaking Barriers Kitchen food truck, either one-time or on a regular basis. Our food truck is perfect for treating your staff, hosting a special event, or just enjoying great food with a purpose!
